

Head of Development Recruitment Pack

Overview

Job Title:	Head of Development
Reporting to:	Fundraising & Finance Director
Direct reports:	Trust Fundraiser [recruitment live], Communications Manager and any fundraising freelancers.
Hours:	Full time (37.5 hours per week) – we are happy to consider 30 hours per week and to discuss flexible working options.
Salary:	£42,000-£45,000
Contract:	Permanent
Location:	Hybrid (this role can work from home and from our office in Kennington, London). You will be expected to work from our Kennington office for at least one day per week.
Benefits:	5% employer pension and 28 days annual leave plus bank holidays (pro rata).

We are looking for an experienced senior fundraiser who has demonstrable success in generating income through a range of income streams and prides themselves on compelling, engaging written communications for a range of audiences. Recently kicking off our new 'Creating Positive Change Together' strategy, coproduced by over 130 staff, volunteers, clients and partner, Groundswell has ambitious plans and a compelling model which in its simplest form promotes healthier lives and a better future for anyone who has experienced homelessness.

The post-holder will have the opportunity to develop Groundswell's next fundraising strategy, working closely with the Senior Leadership Team (SLT), and particularly Finance & Fundraising Director who can bring a wealth of knowledge and insight from recent external and internal reviews of Groundswell's fundraising portfolio. You will be a champion for the joined up working of fundraising and communications, with the ability to line manage a team and lead strategic plans to engage a range of current and potential donors (individuals, trusts, corporates) to diversify Groundswell's income and ultimately help Groundswell continue to create positive change in the lives of people, services and systems on their mission to tackle homeless health inequalities.

You will put relationships and effective communications at the core of your work; ensuring both those who give (or have the potential to give), alongside crucial internal stakeholders are energised and involved in Groundswell's mission. You will pride yourself in collaborative working to ensure the most successful chance of securing income, whilst being a self-starter who can manage their own workload effectively.

About Groundswell

Our Vision

Our vision is for a society which is fair, inclusive and equal.

We need equitable access to a healthier life and a better future for anyone with experience of homelessness.

Our Mission

Our mission is to bring people together to:

- Amplify voices of people with lived experience to create solutions to homelessness and health inequalities.
- Stand in solidarity and champion their rights, to create positive change.

Our Strategy

We co-produced our strategy with staff and volunteers with experience of homelessness. We're proud to have remained true to our values of participation and co-production.

Stronger Voices, Healthier Lives, Better Futures, Greater Together

People with experience of homelessness must inform the solutions – because they understand the problems people face.

At every stage, we will hear, unite and amplify more voices of people with lived experience to speak out. Through participation we will build a stronger, more inclusive community to create change – through our organisation, in services, our sectors and wider society, locally and nationally.

Homelessness is a health emergency.

We will work to end health inequalities for people who have or are experiencing homelessness through advocacy, practical support, information and by influencing people, policy and services.

Everyone deserves a better, more hopeful life and future.

Lived experience of homelessness can lead to barriers that impact people's life chances.

Recognising the potential in everyone, we will provide more opportunities and support for people with experience of homelessness to progress if, and when, they are ready.

We can't achieve our goals alone – we are more impactful when we pull together.

We will become more effective and sustainable, building on our culture of relationships, compassion and transparency, and working closely with partners to learn, share and create change.

About Groundswell's Fundraising and Communications team

The team is led by Becky, our Finance & Fundraising Director who has over a decade of experience generating income for homelessness charities. We have a Communications Manager in post leading Groundswell's digital communication platforms, ensuring our supporter engagement and stewardship journey is joined up at every touch point. We've also just begun an exciting project to develop a brand-new website; giving us the opportunity to refine our 'shop window' to meet the needs of all audiences and align with our strategic goals.

We're now recruiting a Head of Development and Trust Fundraiser to join our team. We know the fundraising landscape is challenging at present, and Groundswell's fantastic board of trustees support the SLT to ensure Groundswell has the resource it needs to diversify income, follow new leads and proactively seek new sources of income. This updated team structure is following a fundraising investment from the board last financial year, internal role changes and the recognition we need a larger fundraising team going forwards. In addition to these roles, we also work with experienced and successful freelancers to develop our corporate and major donor offering and partnerships; generating promising opportunities, and we will continue working with them during 2025/26.

Working at Groundswell brings you a busy, positive, enthusiastic environment and supportive fundraising culture. There is no shortage of dedicated, experienced staff and volunteers full of ideas on how to overcome homeless health inequalities and influence the sector to use the insight of lived experience to develop solutions to homelessness. You will be a crucial part of the team, working closely with the SLT and Heads of Departments who meet at a monthly Development Group – fully led by the Fundraising Team – to generate and identify opportunities.

Head of Development Key Responsibilities

Income generation and stewardship

- Lead the generation of voluntary income from trusts & foundations, corporates and individuals in line with Groundswell's organisational budget (working with the Trust Fundraiser and freelancers where in post).
