# **Mental Health Services in Westminster**

# **Westminster HHCP - updated March 2025**

This document is designed to help workers across the rough sleeping pathway to understand the range of mental health resources available in Westminster and make effective referrals. This document can be downloaded from: <a href="https://groundswell.org.uk/westminster-hhcp/health-directories/">https://groundswell.org.uk/westminster-hhcp/health-directories/</a>.

Westminster offers a range of mental health services, including specialist support for people experiencing homelessness. However, navigating these services can be complex due to the variety of providers and referral pathways. This document aims to help workers better understand available options and connect clients to the right support. Specialist teams like JHT and the Lead Counsellor from the Homelessness Health Team can also offer guidance on finding the most suitable service for each client.

Westminster Council's Wellbeing Hub is an online mental health database – please search here if you can't find what you are looking for in this directory.

# Information leaflets on mental health issues

The Royal College of Psychiatry has an extensive range of informative leaflets on a variety of mental health issues. The leaflets are readable, user friendly and accurate. <a href="http://www.rcpsych.ac.uk/mentalhealthinfoforall.aspx">http://www.rcpsych.ac.uk/mentalhealthinfoforall.aspx</a>

Mind publishes information on many topics relating to mental health <a href="https://www.mind.org.uk/information-support/a-z-mental-health/">https://www.mind.org.uk/information-support/a-z-mental-health/</a>

CNWL have drawn up a list of leaflets and video clips that contain specific information on conditions and the medications available for treatment. Each has been endorsed by the Trust as suitable for recommending to users and carers.

### The People First website

The People First website is provided in association with the Adult Social Care teams of the London Borough of Hammersmith & Fulham, the Royal Borough of Kensington and Chelsea, and Westminster City Council.

It is council-funded and run, but the aim is to provide a wealth of information and details of organisations and resources covering the whole of the private, voluntary and public sector across the three boroughs, enabling residents to maintain choice and control over their own lives.

People First is intended to be an easy-to-use source of information, ideas and services, supporting people to lead independent, active, healthy lives. The site is aimed at the adult population, people living with disabilities of whatever kind and at any age, and those who look after others. There is a dedicated section on mental health:
